

1                                   **PROPOSED AMENDMENTS TO REGULATION 5.110**

2   **PURPOSE:** To modify the daily logging requirements of progressive payoff schedules; and to  
3 take such additional action as may be necessary and proper to effectuate this stated purpose.

4                                   **REGULATION 5**

5                                   **OPERATION OF GAMING ESTABLISHMENTS**

6                                   (Draft Date November 16, 2020)

7                                   New

8                                   ~~{Deleted}~~

9                                   **5.110 In-house progressive payoff schedules.**

10                                  1. No Change.

11                                  2. The amount of a progressive payoff schedule shall be conspicuously displayed at or  
12 near the games or machines to which the payoff schedule applies. Each licensee shall record  
13 the base amount of each progressive payoff schedule when first exposed for play and  
14 subsequent to each payoff. At least once a day each licensee shall log the amount of each  
15 progressive payoff schedule at the licensee's establishment except for those less than \$1,200  
16 that can be paid directly from a slot machine~~{s-hopper}~~ or an external payout device or those  
17 offered in conjunction with an inter-casino linked system. Explanations for reading decreases  
18 shall be maintained with the progressive logs. When the reduction is attributable to a payoff,  
19 the licensee shall record the payoff form number on the log or have the number reasonably  
20 available.

21                                  3. No Change.

22                                  4. No Change.

23                                  5. No Change.

24                                  6. No Change.

25                                  7. No Change.

26                                  8. No Change.
